Convention sur les zones humides
Convención sobre los Humedales

Course Syllabus

Learning Objectives

This course presents all the necessary information to relevant individuals to understand the work and structure of the Scientific and Technical Review Panel of the Convention on Wetlands and how it functions in a synthesized manner.

Panel members, focal points, and observers will gain all the necessary information to effectively support the fulfilment of the STRP's mandate throughout the current triennium. By the end of this training, you will have a comprehensive understanding of the responsibilities and expectations associated with your role

Content & Duration

This online course is composed of 1 lesson which is organized in interactive modules and combine the course theory with exercises and interactions to facilitate the learning process. The core content of the lesson is complemented with numerous references to primary sources and additional resources.

It will take you approximately 1 hour to complete the full course, excluding additional materials. This is a self-paced course that allows you to manage your time as you wish. You can navigate the modules at your convenience and retake them whenever you wish.

Completion Certificate

Take the quiz at the end of the course to assess your learning progress. You are required to answer at least 80% of the assessment questions correctly in order to obtain a course certificate.

Before obtaining the certificate you also need to submit the course survey (your feedback). This survey helps us to improve the course, develop new courses and assess if you are achieving your learning objectives.

Course Outline & Content

Module 1: Introduction

Gaining general knowledge on the Convention on Wetlands, including its Bodies and their relevancy to the STRP panel.

Module 2: Structure of the STRP

Explaining the Composition and functions of the Panel and the roles and functions of STRP Focal Points and Observers

Module 3: Operation of the STRP

This Module explains how the work of the Panel is implemented through the three-year cycle of the STRP, and provides examples of last triennium's outputs.

Module 4: Thematic Work Areas and priorities for the 2023-2025 triennium

Explaining what are the Thematic Work Areas and which of those have been identified for the current triennium, along with each of the high priority tasks and ad-hoc requests. It also explains the STRP Work plan and contributors to the work of the Panel.
